2 Damage to your phone

We may repair your phone if it has been damaged and can be repaired. If it costs too much to repair, we will replace it with a similar product, as long as you have paid your premium and bring the damaged phone to The Carphone Warehouse. We will not repair the phone if it has broken down and is covered by the manufacturer's warranty. The most we will pay for any single claim for damage is £450.

3 Theft of your phone

We may replace the phone with a similar one if it is stolen. The most we will pay for any single claim for theft is £450.

4 Accessory cover

If we replace your phone, we will also replace any accessories designed to be used with it up to the value of £100. We will replace the accessories only if they were stolen or damaged at the same time as your phone. The accessories must have been provided by or bought from The Carphone Warehouse or e2save and you must have proof, such as a receipt, that you bought them. If we replace your phone with a different make or model and because of that you can no longer use your own accessories, we will also replace those accessories. We will replace any accessories with new ones unless we agree otherwise with you.

5 Replacement phone

a If we replace your phone, the replacement phone may:

- Be a different model;
- Be made by a different manufacturer; or
- Have different features and functions.

b Any replacement phone will come from stock we have available (which may be refurbished). This policy will apply to the replacement phone unless we tell you otherwise within 14 days of you receiving the replacement phone. We will try to make sure you can keep your existing phone number. If this is not possible because of the network provider you have chosen or for any other reason beyond our control, we will connect the replacement phone to a new phone number only.

6 What you need to know about clauses 2, 3 and 4

This policy does not cover you for the following.

- a** The excess, as shown on the certificate, which will not be covered for each claim you make.
- b** Losing the phone or any related accessories.
- c** We will not cover your phone or accessories being damaged or stolen if they are:

- Left in, or stolen from, any motor vehicle;
- Left in, or stolen from, a public place or a place that people who you don't know can get to easily;
- Left in, or stolen from, any other place unless the phone is damaged or stolen by a person who has entered the place without permission; or
- Damaged or stolen as a result of something you or any person using the phone with your permission have done or not done to make this more likely to happen.

d We will also not cover damage to your phone or accessories:

- That takes place on any boat that is less than three metres long;
- Caused by general wear and tear, scratching, mechanical or electrical breakdown, or any type of damage that doesn't affect how the phone works; or
- Caused by changes you have made to the phone, maintenance, repairs, design faults, or any process of cleaning or restoring.

e We will not cover your phone or accessories being damaged or stolen outside the territorial limits more than 60 days after you first left the territorial limits with the phone or accessories.

f We will not cover prepay costs or monthly line rental, call or other costs no matter how these arose.

g We will not cover any of the following costs:

- Loss of value, loss of use, or loss of information stored in the phone's memory, or any other resulting loss (including, but not limited to, any financial loss or other loss of turnover, profits, business, goodwill or expected savings), except as set out elsewhere in this policy.
- Damage to or theft of aerials, battery chargers or batteries unless they were damaged at the same time as your phone.
- Your phone being damaged or stolen as a result of something you, your employees or any person using the phone with your permission have done or not done to make this more likely to happen.
- Any government or public authority taking your phone by law.
- Costs involved in returning your phone for repair or collecting it once it has been repaired.

- Do not report it to your network provider within 24 hours; and
- Do not report it to the police and receive a crime reference number within 48 hours.

7 What you need to know for all policies

The following conditions apply to all policies.

a War risks. We will not cover your phone being damaged or stolen as a result of war, riot, terrorism, revolution or any similar event.

b Where you live. You are only covered under this policy if you live (permanently or for tax purposes) in the United Kingdom at the time your phone is damaged or stolen.

c Territorial limits. We only provide cover for damage or theft that takes place:

- Within the United Kingdom, (the territorial limits); or

- Anywhere else in the world as long as you are not outside the UK for more than 60 days in a row.

d Airtime agreements and using SIM cards. We will not cover your phone being damaged or stolen if you are behind with any payments due under your airtime contract with your network provider. This policy only covers your phone while it is connected to a network provider and contains your network provider's SIM card, unless your phone is being serviced or does not need a SIM card to work.

e Phones that are stolen and then found. If we replace your phone or accessories under this policy because they have been stolen, we will own your original phone or accessories. If the original phone or accessories are found, you must return them to us.

f Other insurance. If you have any other insurance policies, which cover the same damage or theft you claim for, we will pay only a share of the cost. You must tell us if you have other insurance that covers you.

g Changes. You must tell us about any changes you make to your phone, unless The Carphone Warehouse arranged the changes. You must also tell us about any changes to your airtime agreement with your network provider. This policy will end immediately if any of the following conditions apply.

- You sell, transfer to someone else or give away your phone;
- You change your phone in any way;
- You change your phone for any reason other than under a manufacturer's warranty exchange scheme or a claim under this policy, and an organisation other than The Carphone Warehouse supplies the new phone.

h False information, fraud and illegal use. We may cancel this policy if you give or use false information or withhold relevant information in your application for this policy. If you tell us any false information, or claim dishonestly in any way, you will lose all entitlements and benefits under this policy. We will also immediately end this policy if you use your phone to commit a crime or to allow any crime to take place. While the contract is in force, you must tell us any fact relating to your circumstances or to changes in those circumstances, which might be relevant to this contract.

i Period of cover. Cover will start from the start date shown on your certificate and will continue for the period of cover shown on your certificate (up to five years).

We will automatically renew this policy as long as:

- You continue to pay the premium; and
- The cover has not ended since the start date of the policy as shown on the certificate.

The conditions of your renewed policy will be the same as these conditions unless we have told you otherwise. If there has been a break in the period of cover because you have not paid the premium, we may refuse to renew your policy even if you pay the premium. We will return the premium to you if this happens.

j Cancelling your policy

• If you do not pay the premium at the agreed time, we will assume that you want to end this policy. You will no longer be covered by this policy.

• You will receive the first month of your Phone Care policy free. If you want to cancel the policy at any time after the end of the free month period, please visit www.carphonewarehouse.com/insurance or call Customer Services on **0870 111 7002**. However, we will not refund any part of the premium you have paid.

• We can cancel this policy by giving you one month's written notice. We may cancel this policy immediately if you do not pay the premium.

k Cancelling your policy because of a claim

- If we replace your phone (the whole phone or part of it) under this policy, we may choose not to transfer this policy to your new phone.
- If we decide not to continue this policy, we will write to you at the address we have on file within 14 days of providing the replacement phone (and any replacement accessories if these apply). This policy will then end 14 days after the date of our letter.
